Sir,

I.A.S. - Allotment of candidates on the results of the competitive Examination, 1947 -
Ref: Dutt's letter No.12/2/48 Appts. dated 2-4-1948.

--

I am directed to say that the annual recruitment of four I.A.S. probationers for the Madras Province has been presumably worked out by the Government of India on the basis that the number of superior I.A.S. posts under the Madras Govenmrnment is 79. In this connection I am to invite your attention to this Government's letters No.4015/46-24 Public(Special) dated 1st September 1947, 4015/46-29 Public(Special)dated 6th March 1948 and 4015/46-32 Public(Special) dated 18th March 1948 wherein the Government of India have been requested to reduce the superior posts under this Government to 55 and to delete the eight unspeicifed posts included in the list forwarded with ~~xxxxx~~ their Ministry of Home Affairs' letter No.45/33/47-Ests.(R) dated 31-12-47. In the circumstances the I.A.S. annual recruitment rate for Madras will be 2.98 or 3 roundly. I am therefore to say that the Madras Government agree to take three candidates only--two Non-Brahmins and one Brahmin out of the four candidates allotted by the Government of India.

--12/2/48APPts. Reference your express letter No.1506/48-1 dated 14th April regarding allotment of candidates for appointment to the I.A.S.(.) the question of fixation of superior posts to 55 is under separate consideration and will be settled independently of present reference. Further normal annual recruitment for Madras is to be 3 or 4 in present trial for this year. During current year we are making substantive not only against normal annual recruitment but also partly against shortage in sanctioned Junior Cadre. Actually 37 candidates have been allotted though normal recruitment is only 23 for all provinces. Y.. junior X category turn is 19 and number already allotted 14X four candidates allotted to Madras are therefore well within reasonable limits. in circumstances there-is ex- t as explained please do firm acceptance telegraphically. tentative in province. for probationers being delayed pending finalisation of allotments. paragraph two.With reference last sentence yr. letter about Brahmins and non-brahmins central Government make no distinction of the kind.

Sub: I.A.S. - Allotment of candidates on results of the competitive Examination, 1947 -
Ref: From the Govt. of India, Ministry of Home Affairs, Lr.No.12/2/48- Appts. dated 2-4-1948.

Please see the letter from the G. of I. at pp.1-3 c.f. and the enclosed at pp.5-11 c.f.

The Govt. of India have stated that on the results of the Competitive Examination held in 1947 they propose to appoint 37 candidates to the I.A.S. These candidates have been offerred appointment subject to physical fitness and they have been directed to report themselves for training to the principal, I.A.S. Training School. The training course starts on 5.4.48.

2. India have stated that they have allotted the 4 candidates referred to at 'A' on p.1.c.f. to this province after taking into consideration the shortage in the junior cadre strength of the service and the annual recruitment rate to which this province is entitled. The G. of I. reques to be informed whether the Madras Govt. accept the proposed allotment of candidates.

3. It may be stated here that para 5 of the I.A.S. draft Scheme provides that candidates selected for appointment to the I.A.S. will be allotted to provinces by the Central Govt. which will before making allotment consult provincial governments and as far as possible comply with candidates will be allotted as far as possible to their provinces of origin or domicile. The condition has been satisfied in the present case as all the 4 candidates allotted to this province are domiciled in this province.

*requirements.
L It is also laid down that

4. As regards the Communal Composition in respect of the I.C.S. candidates to be allotted to this province, we informed the G. of I. in 1946 that we have no objectionn/ to the rules in section III on pp.1-3 of G.O.No.1247 Public d/10-12-34 being observed so far as Muslims and other minority communities are concerned. As regards the majority community (Hindu community) it was requested that if possible as many Non-Brahmins as were available out of the Hindu community might be alloted to this province. Out of the 14 I.A.S. War Service candidates allotted to Madras in 1947, 5 are non-Brahmins, 4 Brahmins, 1 is a christian and the community in respect of the remaining four is not known. On a rought/ estimate it may be assumed that equal number of Brahmin and Non-Brahmin candidates were allotted last year. Out of the 4 candidates whom the G. of I. propose to allot this year two are Brahmins and two are Non-Brahmins--See the particulars at pp.5-11 c.f. Evidently more Non-Brahmins ought to have been alloted to this Province but presumably 'India' could not do this ~~province but presumably~~ for want of Non-Brahmin candidates who have secured such ranks as will qualify them for appointment to the I.A.S. In the circumstances it seems that we may accept the allotment so far as the Communal Composition is concerned.

5. The Govt. of India have worked out the annual recruitment rate of 4 for this province on the basis that the number of superior I.A.S. posts under the provincial Government is 79. But it may be stated here that we have requested the G. of I. to reduce the number of superior posts to 55, and also that we do not propose to increase the I.A.S. Cadre stren th in view of the merger of states Therefore if the superior posts under this Govt. is to be 55 only then the annual recruitment rate to this province will be 2.98 or 3 roundly.

Submitted for orders whether the proposed allotment of 4 candidates may be accepted.

p.t.o.

We may point out A above and agree to take three candidates only--two non-Brahmins and one Brahmin.

(From the G. of I., Ministry of Home Affairs telgm. No.12/2/48.Appts. dated 24-4-1948)

--

Please see the telegram from the G. of I. at pp.17-23 cf. For the reasons stated on pp.1-2 ante we informed the G. of I that the Madras Govt. agree to take 3 candidates only--2 Non-Brahmins and 1 Brahmin - out of the 4 I.A.S. candidates alloted this year to this province.

Now the Govt. of India have stated that the question of the reduction of the superior posts under the Madras Govt. to 55 from 79is under separate consideration and will be settled independently. It is also stated that it is immaterial this year whether the annual Recruitment for Madras is 3 or 4 and that during the current year the G. of I. are making appointments not only against annual Recruitment but partly against sanctioned junior cadre. It is said that the junior I.A.S. Cadre for Madras is 14, and as 14 candidates were allotted in 1947, this year's allottment of 4 is well within requirements.

By junior posts presumably 'India' mean inferior posts and the following are the posts sanctioned by the G. of I to the Madras cadre - for details please see p.15 c.f. in L.F.

| | |
|---|---|
| Total superior posts | 81 |
| Deputation Reserve | 9 |
| Leave Reserve | 7 |
| Inferior posts | 13 |
| Training Reserve | 6 |

It is not known how the G. of India have arrived at the figure 19 as inferior posts, presumably they have taken into consideration only the 13 inferior posts and the 6 training reserves for the present as none of the junior officers are likely to be utilised as deputation reserve and as they are not likely to go on leave immediately.

It is further stated that the teaching of provincial languages tothe probationers is being delayed pending finalisation of allotment andthat the Central Govt. make no distinction between Brahmin and Non-Brahmin candidates in their allotment.

Inthe circumstances it is submitted for orders whether we may accept all the four candidates allotted this year.

xxx

26-4-48.

We may perhaps agree. As no. of junior officers have left service and there is a shortage amongst them.
